PRODUCT CHARACTERISTICS > BENEFITS

- The Optimus (H)EAT Insulation Pouch is the perfect solution for eating outdoors
- The heat pouch is made of insulated material and is the perfect fit for freeze-dried Trek'n Eat menus
- Its unique design keeps your freeze dried meals warm up to 30% longer when used with a food pouch or cooking pot
- The slip-in pockets at the sides offer a good grip during eating, protecting your hands against the wind and the cold and at the same time against the hot cooking pot or the hot pouch
- The Optimus Terra Weekend HE and the Terra Solo fits perfectly into the Optimus (H)EAT > inserting it is easy and convenient with the Velcro closure
- Can also be used as a potholder
- Washable at 30°C
